

INTRO TO WATER

A low-commitment employee wellness pilot

A one-off, company-sponsored weekend session that lets Nestuge test employee interest before considering a longer swim programme.

Designed around four practical realities: employee time, cost, sustained participation, and Island/Mainland accessibility.

8-10 employees Suggested first group; final size follows venue and coach coverage.	2 hours One guided session with no 12-week commitment.
Saturday morning Outside the work week and limited to one session.	Location-led venue Yaba, VI, Ikoyi or Festac, chosen after a participant location check.

WHY SWIMMING

- Supports physical wellbeing through low-impact cardio, mobility and recovery.
- Helps employees decompress beyond the usual office, gym or screen routine.
- Builds confidence and water-safety skills they keep beyond work.
- Includes adults who avoid water from fear, embarrassment or limited access.

WHAT EMPLOYEES EXPERIENCE

- Warm, beginner-friendly orientation for adults with low water confidence.
- Guided breathing, floating and safe movement fundamentals.
- Small-group coaching with no pressure to perform.
- A clear next step, with no obligation to join the 12-week programme.

NESTUGE PROVIDES

- One People/Operations contact for coordination.
- Approval of the date, venue and final quote.
- Internal circulation of the registration link and pilot sponsorship.
- Decision on whether to stop, repeat, or progress to a cohort.

WHY THIS FORMAT

- Employees feel the value before weighing a longer programme.
- Nestuge measures real demand instead of announcement interest.
- A defined start and finish reduces drop-off risk.
- A full cohort follows only if enough employees want to continue.

SWIMBUDDZ HANDLES

- Interest form, participant location check and pre-session screening.
- Pool and coach coordination with a clear session plan.
- Teaching aids where needed: kickboards, pool noodles or float supports.
- Reminders, session delivery, feedback and HR recommendation.

COMMERCIAL & PRIVACY

- Nestuge sponsors the capped first session so employees pay nothing.
- Final quote states headcount, venue and pool access.
- Personal health, fear and skill details stay with the coach; HR receives aggregated feedback only.

A SIMPLE FOUR-STEP START

1 Interest check Short internal form	2 Scope Date, areas, headcount, budget
3 Confirm & launch Quote approved; registration opens	4 Run & report Session + report within 3 business days

Suggested next step: a short planning call to confirm expected interest, location mix, budget comfort and whether Nestuge wants feedback only or a pathway into a 12-week cohort.
