

PARTNERSHIP PROPOSAL

SwimBuddz × Rowe Park

Formalising and deepening a pool partnership in Yaba, Lagos — built around one shared goal: more hours in the water.

PREPARED FOR

Rowe Park Management
Rowe Park, Yaba, Lagos

STATUS

Commercial proposal — for discussion

This document outlines a proposed commercial partnership. It is shared in confidence for discussion between SwimBuddz Limited and Rowe Park, and does not by itself create a binding agreement. Final terms will be set out in the SwimBuddz Pool Partnership Agreement.

1. Executive summary

SwimBuddz already runs programmes at Rowe Park — Academy cohorts, weekly club and community sessions, mid-week make-up swims, and an e-commerce pickup point. This proposal turns that working, informal arrangement into a structured, mutually-committed partnership.

The model is simple: SwimBuddz operates as Rowe Park's **swim-community distribution partner**. We fill lanes on a predictable schedule, bring recurring paying swimmers who return far more often than casual walk-ins, supply professional coaching and safety supervision, and generate marketing exposure for Rowe Park at no cost — in exchange for agreed lane access on favourable, revenue-share terms. Our north-star metric is the same number that grows Rowe Park's revenue: **hours in the water**.

The ask, in one line

Formalise an exclusive, revenue-share pool partnership at Rowe Park — SwimBuddz guarantees a minimum monthly volume of scheduled, supervised sessions and shares session revenue with Rowe Park, in return for priority lane access and partner exclusivity in Yaba.

2. Why this matters to Rowe Park

A pool earns when people are in the water. SwimBuddz exists to put more people in the water, more often — which makes our incentives and Rowe Park's point in exactly the same direction.

- **Aligned north star.** We measure the whole business by hours in the water. That is precisely the metric that drives a pool's utilisation and revenue.
- **The frequency multiplier.** A structured community keeps swimming front-of-mind and members accountable. Our working thesis is that a SwimBuddz member visits 3–5× more often than a casual swimmer — the “Prime effect” applied to a pool.
- **Predictable demand, not sporadic walk-ins.** We commit to a minimum number of sessions per month on a fixed timetable, and we are happy to take off-peak windows that would otherwise sit idle.
- **Marketing at zero cost to you.** Every session is content. Rowe Park is named and shown to a growing, engaged audience — week after week.

3. What SwimBuddz brings to the partnership

What SwimBuddz provides	What it means for Rowe Park
Guaranteed, recurring utilisation	A committed minimum of scheduled sessions every month — predictable income, not guesswork.
Higher swimmer frequency	Members who come back week after week, raising overall hours-in-water at the facility.
Professional coaching & safety supervision	Certified coaches run the water; reduced duty-of-care load on your staff during our sessions.
Operator liability insurance	SwimBuddz carries its own cover for its members and coaches during SwimBuddz sessions.

What SwimBuddz provides	What it means for Rowe Park
Branded content & social exposure	Weekly photo/video featuring Rowe Park by name — usable by you too, at no cost.
Corporate & event traffic	Corporate wellness cohorts and group events bring new, paying swimmers on-site.
Store-pickup foot traffic	SwimBuddz store orders collected at Rowe Park draw additional visitors.
One organised point of contact	Clean scheduling, advance booking notice, and a single partnerships contact.

4. Already proven at Rowe Park

This is not a cold pitch — it is a request to put structure around something that already works.

- **Academy.** Our flagship 12-week cohort, “Beginner Freestyle: Zero to 50m” (around 8 learners), runs at Rowe Park.
- **Club & community.** Weekly Saturday club sessions and community swims take place on-site.
- **Make-ups.** Mid-week make-up sessions are scheduled at Rowe Park for members who miss their slot.
- **Retail.** Rowe Park is a SwimBuddz store pickup location (Tue–Sun, 6am–8pm).

Formalising the partnership protects both sides: Rowe Park gets committed volume and guaranteed minimum income; SwimBuddz gets dependable lane access to keep growing its programmes here.

5. Proposed commercial structure

Recommended: revenue share + guaranteed monthly minimum + exclusivity

- **Revenue share.** Rowe Park receives an agreed share of net session fees SwimBuddz collects for sessions held at Rowe Park (anchor: **25%**).
- **Guaranteed monthly minimum.** SwimBuddz guarantees a floor each month, so Rowe Park has predictable income even through the low (rainy) season.
- **In exchange.** Priority — ideally exclusive — lane access in agreed windows, and partner exclusivity (Rowe Park does not host competing swim-community operators in Yaba).

How the numbers could work (illustrative)

Item	Illustrative value
Scheduled sessions per month	16 (about 4 per week)
Average swimmers per session	10
Swimmer-sessions per month	160
Reference session fee per swimmer	₦3,000
Gross monthly session value	₦480,000
Rowe Park revenue share @ 25%	₦120,000 / month
Annualised to Rowe Park	≈ ₦1.44M / year

Item	Illustrative value
Guaranteed monthly minimum (floor)	¥90,000 / month

All figures above are illustrative placeholders to frame the mechanics — the share, the floor and the reference fee are to be set jointly. The principle is what matters: Rowe Park earns a predictable base plus upside that grows as we fill the pool.

6. Alternative commercial models

If a pure revenue share is not preferred, the same partnership can be priced any of these ways. We are flexible on structure; we care most about dependable access and a fair, shared upside.

Model	How it works	Best when
Per-swimmer fee	¥2,500–3,000 per swimmer per session; 10% off at 10+ swimmers	Rowe Park prefers upside per head
Flat session fee	¥30,000–35,000 per session, any headcount up to capacity	Rowe Park prefers simple, predictable income
Hybrid	Flat base (e.g. ¥20,000/session) + 15% share above 12 swimmers	Balancing certainty with shared upside

7. Facility access to formalise

The partnership works best when access is clear and dependable for both sides. We propose agreeing:

Item	To confirm with Rowe Park
Windows & days	Fixed weekly timetable (e.g. Saturday mornings + mid-week cohort slots)
Lane allocation	Number of lanes per session; priority or exclusive use during our windows
Capacity per session	Maximum swimmers, including up to 2 SwimBuddz staff (coach / safety / content)
Booking lead time	24–48 hours' notice for schedule changes
Blackout dates	Maintenance / facility events, with reasonable notice
Cancellation terms	Fair handling where either side cancels at short notice

8. Marketing & brand exposure

- Weekly social posts featuring Rowe Park **by name**, reaching a growing, engaged swimming audience.
- Professional photo and video captured at every session — **free for Rowe Park to re-use** on its own channels.
- Listing as a featured SwimBuddz pool partner across our community touchpoints.
- Corporate cohorts put partner-employer branding on-site and associate Rowe Park with quality wellness programming.

9. Safety, liability & insurance

Rowe Park is responsible for	SwimBuddz is responsible for
Structural safety, hygiene and statutory compliance of the facility	Conduct and supervision of its members and coaches during SwimBuddz sessions
Water quality to Nigerian / WHO public-pool guidelines	Operator liability insurance covering its coaches and members
Lifeguard on duty and stocked first-aid during sessions	Safeguarding for minors (1:10 ratio for under-12s; guardian check-in/out)

Mutual indemnity applies; any incident is reported between the parties within 24 hours. Full detail sits in §5 of the SwimBuddz Pool Partnership Agreement.

10. Exclusivity & term

- **Initial term:** 12 months, renewing automatically for successive 6-month periods unless either party gives 60 days' notice.
- **Exclusivity:** in return for the guaranteed minimum and marketing, Rowe Park does not host competing swim-community operators during the term.
- **Exit:** for cause with a 14-day cure period; for convenience with 60 days' notice. Confirmed bookings are honoured for 30 days after termination.
- **Governing law:** the laws of the Federal Republic of Nigeria; Lagos State jurisdiction.

11. Mutual commitments at a glance

SwimBuddz commits to	Rowe Park commits to
A guaranteed minimum of scheduled sessions each month	Agreed lane access during booked windows (priority / exclusive)
Certified coaching and safety supervision on the water	Water quality, lifeguard and first-aid to standard
Its own operator liability insurance	Changing rooms, showers and basic swimmer facilities
Weekly content featuring Rowe Park, free to re-use	Reasonable booking-confirmation turnaround
Revenue share + on-time payment in arrears	Partner exclusivity in Yaba for the term

12. Proposed next steps

1. Align on the commercial model and headline rate (this proposal anchors a 25% revenue share + monthly floor).
2. Confirm the weekly timetable, lane allocation, capacity and blackout dates.
3. Complete the facility snapshot (Appendix A of the Pool Partnership Agreement).
4. Execute the 12-month SwimBuddz Pool Partnership Agreement.
5. Go live and run a first joint marketing push announcing the partnership.

Ready to move

Full terms are set out in the SwimBuddz Pool Partnership Agreement, ready to execute as soon as the commercial terms above are agreed. We would love to make Rowe Park the home of SwimBuddz in Yaba.
